Acrylics & Reline Materials

**Custom Tray Materials**

**COE Tray Plastic** *(GC America)*

Custom tray material.

Professional Pkg  
Contains: 1lb (454g) powder, 6oz (177ml) liquid and 2oz (59ml) COE-Sep.  
(286-0100) Fast Set, White  
(286-0200) Regular Set, White  
(286-0150) 1lb Powder, White  
(286-0175) 6oz Fast Set, Liquid

**Fastray** *(Bosworth)*

Fastray is a stable, radiopaque, self-curing individual tray and acrylic base plate material available in regular set (five minutes). Fastray has no memory and will not stick to fingers or the model.

(286-0300) Standard Kit, Blue  
Contains: 1lb powder, 6oz liquid, free measuring cups, one powder measure, and one liquid measure.

(286-0350) Blue, 50 sheets

**Sapphire Acrylic Impression Material** *(Bosworth)*

Use on custom or plastic impression trays for full denture impressions and border molding (muscle trim). This soft material records peripheral detail without distortion and sets to become a rigid part of the tray. No-burn, no-sting formula ensures patient acceptance.

(284-0445) Clear, 8oz

**Denture Acrylics**

**Lucitone 199® Denture Base Resin** *(Dentsply Trubyte)*

Ultra-high impact acrylic denture base resin.

120-unit Package (fibered light)  
(552-1830) Each  
Contains: Four 630g powder and three 430ml liquids.

Powder Only, 30 units (original)  
(552-2300) 630g

(200-0310) Shade Guide

**Lucitone® Clear Dental Resin** *(Dentsply Trubyte)*

Denture base acrylic resin.

30-unit package  
(552-6050) Each  
Contains: 630g powder and heat seal bags.

Powder, 4lb pkg  
(552-6055) Each  
Contains: 4lb powder and heat seal bags.

**Characterized Lucitone® Denture Base Resin** *(Dentsply Trubyte)*

10-unit Package  
(552-6040) Light  
(552-6045) Light Reddish Pink

**Tissue Conditioners**

**COE-Comfort** *(GC America)*

ADA accepted. Easy to mix and apply with no gagging or unpleasant taste. Does not sour over time and has a three-year shelf life. White in color.

(284-0100) Professional Pkg  
Contains: 6oz powder, 6oz liquid, lubricant, and accessories.

(284-0175) Powder, 6oz  
(284-0150) Liquid, 6oz

**New! Hydro-Cast Tissue Treatment** *(Sultan Healthcare)*

- Works to return edentulous tissues to a normal state
- An interim soft-lining for immediate full dentures, interim partial dentures, or after implant placement surgery
- A predictable denture impression material
- Methyl methacrylate-free and patient-friendly

(284-0955) 130g Powder

**Lynal® Tissue Conditioner** *(Dentsply Caulk)*

Tissue conditioner and temporary reliner.

(284-0600) Kit  
Contains: 120g powder, 90ml liquid and 15ml separator.

**Softone** *(Bosworth)*

Softone is a tissue conditioner and functional impression material that restores, conditions, massages, and rehabilitates damaged tissue before a new denture rebases or final relines.

Standard Pkg  
(284-0700) White  
(284-0650) Pink

(284-0750) White Powder, 3oz  
(284-0755) Pink Powder, 1lb  
(284-0775) Liquid, 4oz
### Acrylics & Reline Materials

**Visco-Gel** (DENTSPLY Preventive Care)
Tissue condition and semi-permanent soft liner. 48-hour set can remain soft and clean for 6 months with proper oral hygiene.

**Soft Reline Materials, continued**

**DentuSil™ Denture Reline** *(Bosworth)*
One-visit, cartridge-dispensed silicone, soft reline material. Material is durable and will maintain effectiveness in the presence of moisture. Adhesive is specially formulated to hold material in place providing a secure, comfortable reline in just minutes. Translucent pink color provides a natural, healthy-looking appearance.

(284-2150) Standard Kit .................. 167.95
Contains: 50ml cartridge, 15g adhesive, 10 mixing tips and 10 adhesive brushes.

**GC Reline Soft & Extra Soft** *(GC America)*
GC Reline Soft is a resilient chairside VPS denture reline used when the patient requires a soft, temporary liner. Extra Soft provides denture bearing tissue a more comfortable surface while the tissue returns to a healthy state.

(284-1290) Soft Intro Kit .................. 326.95
Contains: One cartridge of relining material, six Type 2L mixing tips, 13ml Primer R Resin Primer, 1:1 Reline Modifier pack with mixing pad and sponge kit, silicone finishing point, mixing spatula, scoop and primer brush.

Refill, pkg/1 48ml cartridge .................. 87.50
(284-1250) Soft
(284-1260) Extra Soft

(284-1270) Reline 2L Mix Tips, pkg/12 .................. 19.50
(284-1280) Primer R, 13ml .................. 81.50

**Molloplast-B®** *(Buffalo Dental)*
Permanent soft denture relining system.

(284-2100) 45g .................. 145.50

**PermaSoft Reline Material** *(Dentsply Trubyte)*
Soft chairside reline material. Chemically bonds to any acrylic. Allows adjustments, creates seamless margins, easily trims and finishes.

(284-0515) Combo Kit .................. 159.95
Contains: 50g clear powder, 60g pink powder, 60ml liquid, 30ml sealer and accessories.

(284-0510) Pink Single Kit .................. 135.95
Contains: 60g powder, 60ml liquid and 30ml sealer.

Double Kit .................. 222.95
Contains: One 120g powder, two 60ml liquid and one 30ml sealer.

(284-0520) Pink
(284-0525) Clear

(284-0530) Pink Lab Kit .................. 698.50
Contains: 500g pink powder, 500ml liquid and 125ml sealer.

(284-0535) Liquid Only, 60ml .................. 67.95

**Sofreliner Tough® M** *(Tokuyama)*
Sofreliner Tough® M (Medium) provides a Shore A hardness of 43, with up to 24-month relief for patients experiencing pressure point problems, mucous atrophy, major undercuts, or improved suction. Designed for applications that require the optimal balance of longevity and comfort.

(168-2330) Kit .................. 164.95
Contains: One 26g base and one 26g catalyst.

**New! Sofreliner Tough® S** *(Tokuyama)*
An addition-cured silicone material for relining dentures on patients that require relief on upper or lower, partial or full dentures. Ensures patient satisfaction for up to 24 months.

(168-2350) Refill .................. 131.95
Contains: One 26g base and one 26g catalyst.

**SoftLine™** *(Kerr Restoratives)*
SoftLine cures entirely in the mouth in three minutes with no heat, odor or unpleasant taste. SoftLine utilizes an automix delivery system that allows for equal mixing with a 1:1 ratio.

**Intro Kit** .................. 246.50
Contains: One 54g cartridge relining material, six mixing tips, 5ml bottle of bonding agent, 5ml bottle of varnish base, 5ml bottle of catalyst, 25 four-cavity mixing wells and 38 applicator tips.

(284-1110) Light Pink
(284-1120) Dark Pink

**Refill Kit** .................. 197.95
Contains: One 26g cartridge relining material, six mixing tips, 5ml bottle of bonding agent, 25 four-cavity mixing wells and 38 applicator tips.

(284-1130) Light Pink
(284-1140) Dark Pink
(284-1150) Clear Pink

(528-5100) Mixing Tips, pkg/48 .................. 60.50
(808-1380) Mixing Wells, pkg/100 .................. 76.95

**Tru-Soft** *(Bosworth)*
A plasticized acrylic PEMA that is specifically designed as an intermediate liner for patients requiring prolonged adjustment periods prior to using a hard liner or denture base material. Its elasticity will ensure against pressure pain, tender ridges, sensitive areas, and irritated tuberosities.

(284-1000) Standard Pkg .................. 75.50
Contains: One 3oz powder, one 4oz liquid, one 10ml bonding liquid, mixing cups, powder measure, and liquid measure.

(284-1050) 3oz powder refill .................. 44.50
(284-1025) 4oz liquid refill .................. 33.95
Acryl Temporary Crown and Bridge Resin

Alike is quick-setting and self-cures in 5-6 minutes. Can be trimmed and polished easily without clogging burs. Alike is easy to place and maintains a tight seal on the abutment teeth.

(168-8900) Professional pkg .................. 147.50
Contains: Six powders (one each 1oz each of #59, #62, #65, #77, #78, and #81) and one 4oz liquid.

**Acrylics & Reline Materials**

**Temporary Crown & Bridge, continued**

**Nu Form**™ (Nu Radiance)
A pre-shrunk, long-chain acrylic designed specifically for the fabrication of temporary crowns and bridges. It is tough and will not break, yet is flexible for ease of use. Contains fluorescence and is highly polishable.

**Nu Form Kit** .......................... 107.50
Contains: 50ml automix cartridge 1:1, 15 mixing tips and instructions.

(168-0810) A2  (168-0830) B3

(168-0840) Mixing Tips, pkg/50 ........ 44.50

**Protemp II** (3M ESPE)
All the benefits of original formulation with no technique change.

Double Pkg. ..................... 314.95
Contains: Two each of base and catalyst, syringe and mixing pad.

(168-0125) A1
(168-0175) A3
(168-0225) B3
(168-0250) Double Catalyst .......... 54.95

**Protemp Crown Temporization Material** (3M ESPE)
No impression or matrix needed. Reduce fabrication time for single-unit temporaries by up to 50% (4 minutes or less).

Refill .............................. 51.95
3+ ................................ 50.95
Contains: Five crowns, instructions and two sizing tools.

(168-6205) Upper Large Molar
(168-6210) Upper Small Molar
(168-6215) Lower Large Molar
(168-6220) Lower Small Molar
(168-6225) Upper Large Bicuspids
(168-6230) Upper Small Bicuspids
(168-6235) Lower Bicuspids
(168-6240) Large Cuspid
(168-6245) Small Cuspid

**Protemp Plus** (3M ESPE)
Protemp Plus is a bis-acrylic two-paste composite material in an automix delivery system for the chairside fabrication of temporary restorations.

(168-2400) Intro Kit ................. 254.50
Contains: One 67g cartridge A2, 16 blue mixing tips, Relyx Temp NE Cement, one Garant 10:1 dispenser, one Filtek Supreme Plus Syringe A2 with tips, technique cards and usage information.

Refill .............................. 213.50
Contains: One 67g cartridge, 16 blue mixing tips and usage information.

(168-2430) A1  (168-2420) Bleach
(168-2450) A2  (168-2440) B3
(168-2410) A3

Garant Dispenser (4:1/10:1)
(520-0175) Each .................... 151.50
(520-0460) Blue Mixing Tips, pkg/48 . . . . 57.95

**Revotek LC** (GC America)
Revotek LC is a light-cured, single component, sculptable composite resin for temporary inlays, onlays, veneers, crowns and bridges. It is utilized to fabricate intra-oral or indirect temporary restoration.

(168-1410) Intro Kit ................ 92.95
Contains: One putty stick, one light-proof storage case and one #2 plastic spatula.

**SmarTemp**™ Temporary C&B Material
(Parkell)
Creates a tough, durable restoration that’s less brittle and less likely to fracture if your patient has a heavy bite. Easy to use.

Refill .............................. 67.95
Contains: One 50ml cartridge and mixing tips.

(168-8050) A1 XL
(168-8100) A2 Light
(168-8110) A3.5 Medium

(168-8130) Mixing Tips, pkg/30 ........ 29.95

**Dr. Katie Hadden**

“Midwest Dental truly offers the whole package when it comes to dental supplies and equipment for a dental practice! They offer friendly, personalized service as well as a wide range of products at very competitive prices. I continue to be impressed by all areas of service that I receive from my Midwest Dental team; even paying my bill is a pleasure when getting to talk with the friendly staff at their main office.

“I have had the pleasure of working with [Dental Products Specialist] Heather Taylor and [Equipment Specialist] Ramon Miranda for many years now. Both Heather and Ramon went above and beyond to help me through the process of opening my practice. From being available to lend a direct hand in getting things ready, to giving honest advice based on their many years of experience in the dental field, it has been a comfort knowing that I could rely on their help whenever it was needed. I continue to appreciate their high level of service and, above all else, their friendly, wonderful smiles that always brighten the office when they stop by.”
We offer equipment service and installation for the majority of Texas and all of Oklahoma. Whether you’re located in West Texas or Oklahoma City, our friendly team is just a phone call away.

To schedule an appointment, please call our service department at (800) 766-2025.
